

NOX PRODUCT

NOX NOX Corp.

SUPREMLAY+
SUPREME RIGID DESIGN FLOORING

SUPREMCLICK+
SUPREME RIGID DESIGN FLOORING

Industry's Next Level Rigid Flooring

SUPREMLAY+/SUPREMCLICK+ is the industry's most outstanding rigid core flooring that consolidates NOX's two patented core technologies, NOXGENESIS and MCT

NOXGENESIS

ADVANCED SOLID CORE TECHNOLOGY

NOXGENESIS is a patented technology that NOX invented to create the new standard in hybrid LVT flooring. This technology is the perfect solution with high impact resistance, increased stability, superior profile strength and waterproof function, while being lightweight.

MCT

MATRIX CORE TECHNOLOGY

MCT, Matrix Core Technology, is unprecedented technology for LVT regardless of installation type. Designed to make perfect floors, this patent pending technology minimizes or eliminates subfloor imperfection.

Industry's Next Level Multi-layer Rigid Flooring

- I Only and unique multi-layer structure:
 - Employed NOX's patented core technologies, NOXGENESIS and MCT
 - Fiberglass stabilization layer delivers optimal dimensional stability and heat resistance
- I No telegraphing over subfloor imperfection:
 - Eliminates subfloor telegraphing over cracks or imperfect surfaces
- I Stronger with better impact resistance and waterproof function:
 - Recorded more than 2,000 PSI at 1.8m (≈ 5.9ft) height (EN 16511)
 - Strengthened waterproof function
- I Lighter, quieter, and more comfortable than conventional SPC:
 - 20% lighter than SPC – easier to carry and more efficient to transport, reducing installation cost and time
 - Employed NOX SOUNDPROTEC acoustics performance technology that acquired QUIET MARK
 - Provides silent and softer underfoot feel
- I More diverse designs:
 - Over 5,000 in-house LVT designs and authentic embosses are applicable
 - Exactly same designs can be applied to SUPREMLAY⁺, SUPREMCLICK⁺, and all NOX LVT flooring

Certified

What's Quiet Mark?

Quiet Mark is the independent, international approval award programme associated with the UK Noise Abatement Society charitable foundation. Through scientific testing and assessment, Quiet Mark enables consumers to enjoy a less stressful domestic soundscape.
